

PLEASE do not take away the Do Not Call in Indiana.I pay my phone bill NOT the banks that are challenging the DO Not Call list.This should not be an issue.Telemarketing has no right to call me when I PAY the PHONE BILL.I deem them uninvited guests in my home.I have a right to privacy and do not want to be bothered in the evening.I work all day and am on the phone much of my work day. To be bothered in the evening when I am trying to relax is unacceptable.Please DENY the BANKS petition.
